

Quality Policy

It is the policy of Advanced Engineering Solutions Limited to supply services and products to its customers to a consistent and high quality and standard as defined by Company targets, customer requirements and specifications. The Company has established, operates and maintains an Integrated Management System suitable to meeting these objectives.

The Company is committed to ensure the effectiveness of its Integrated Management System and to seek continual improvement. Mechanisms for recording the Company's performance against its quality objectives are a fundamental part of the Integrated Management System. The QA system will be monitored for compliance by senior management. The Senior Management Team is ultimately responsible for quality.

The Company has a policy of promoting continual improvement and setting of Quality Objectives in line with the framework laid down within the BS EN ISO 9001:2015 Standard. These objectives will address the risks and opportunities within the Company as determined by senior management.

The Senior Management Team will show leadership and commitment to ensure implementation and operation of the quality initiative as defined in the Integrated Management System and ensure that it is clearly understood and operated at all levels within the organisation. They will also ensure that adequate resources are made available to allow implementation of the Quality Policy and, by the provision of appropriate training, that all staff are competent to carry out their duties, and thus are able to meet the Company's quality objectives.

The Quality Policy and associated systems have been fully endorsed by the IMS Review Panel and the Senior Management Team. Each employee will be made aware of their duties in respect of the Quality Management System at induction and are expected to apply the defined procedures, as updated, to meet the requirement for on-going improvement of the Company's quality objectives.

Adherence to the Integrated Systems Manual, Procedures and Work Instructions is mandatory for all Employees, Managers and Directors of the Company. The Integrated Management System is available to all staff on the Company intranet. This Quality Policy is displayed in the Company's premises in the entrance lobby. Customers and the general public can view the Company policies online at www.aesengs.co.uk.

The Integrated Management System is subject to annual internal audit and external reviews to ensure its continued suitability against the quality objectives of the Company and its customers. The status and effectiveness of the Quality System will be regularly reported and communicated.
